

# HOLLAND LOGISTIC CENTER

Holland, Michigan

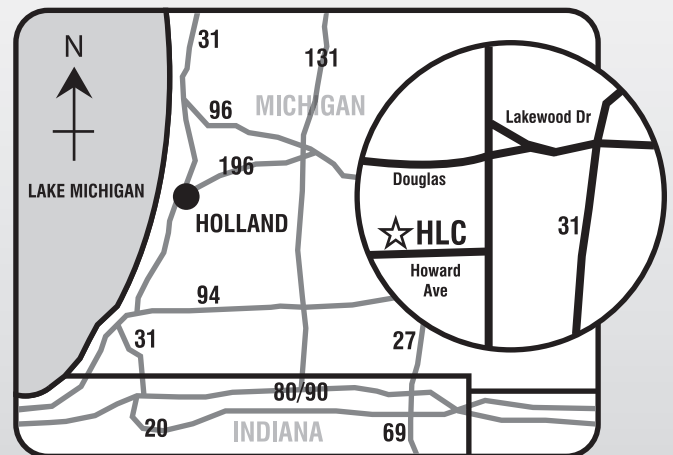

This unique freezer and cooler facility is a well-established resource for west Michigan fruit and vegetable growers, and a high quality distribution center serving the U.S. and Canadian markets. The customer-chambered facility accommodates varied temperature requirements: ice cream, cheese, yogurt and related products. Easy access to major Michigan interstates, rail siding capabilities and information management systems contribute to Holland Logistic Center's success as an efficient facility for inbound and outbound products.

**Location:** HLC is located west of US-131 on Howard Avenue in Holland, Michigan

**Features:** Rack and bulk storage, as well as custom chambers, serve a host of deep frozen, frozen and refrigerated needs.
